WE CARE ABOUT YOUR BEST FRIEND!

We understand the limits of a family budget. **PLEASE DO NOT** put off your pet's veterinary care as this frequently leads to more serious and expensive pet health care problems. We want to work with you to take care of your pet's **IMPORTANT REGULAR EXAMS** and most pressing pet health needs. **We hope you visit our practice and let us help keep your pet happy and healthy!**

Where does the time go?

Pets, on average, age up to SEVEN TIMES faster than humans, and by age two, most have already reached adulthood. By age seven, dogs and cats are considered seniors, and at age ten, they enter the geriatric stage of their lives. Regular pet health exams are important. **Data from senior health screening exams show that more than 22% of senior dogs and 17% of cats that appear healthy have been found to have significant subclinical disease.** Please consider one of our **Wellness Care Plans** to keep your pet happy and healthy.

Our Wellness Care Plans are NOT insurance ... THEY ARE BETTER – a new and affordable way to care for your pet.

We've Got "Cat-itude"

Cats are not small dogs, not even close. We understand the stress a hospital visit can be for both you and your furry friend. We strive to maintain a relaxed, feline friendly, quiet atmosphere with a loving and caring staff.
