

Animal Medical Wellness Care plans are NOT insurance.

*They're better –
a new and affordable
way to care for your pet.*

Today, most aspects of veterinary medicine are geared toward preventive care. We believe proactive preventive care not only will improve the quality of your pet's life but will add years to it.

Our Wellness Care Plans provide disease prevention and early diagnosis. **Each plan is unique and affordable. The cost of preventive care is conveniently spread over 12 months.** These plans are NOT intended to treat unforeseen accidents, injury or illness, which would be covered as an out-of-pocket expense or through your pet health insurance plan.

Your Wellness Care Plan is a special relationship between you and your veterinarian to help take the financial worry out of caring for your pet.

ENROLL TODAY, and you'll know that you're helping your dog live a longer, healthier, and happier life with an established pet health wellness program. Ask one of our team members for additional details.
